

A.1.1

JUL 13 1983

Ms. Linda Silver
Public Services Director
Cuyhoga County Public Library
4510 Memphis Avenue
Cleveland, Ohio 44144

*Received at
Bedford Branch
Called 7/20/83
RL*

Dear Ms. Silver:

Per my telephone conversation on June 21, 1983 and July 11, 1983 with your staff, regarding the intention by the U.S. Environmental Protection Agency (U.S. EPA) Region V to issue a hazardous waste permit to McKesson Chemical Company (MCC), of Bedford Heights, Ohio, (a suburb of Cleveland), the following items have been enclosed:

- A copy of the MCC permit application
- A copy of the U.S. EPA Region V draft permit for MCC
- A copy of the U.S. EPA Region V MCC permit statement of basis
- A copy of the Public Notice to be published in the Cleveland Plain Dealer on July 22, 1983, advising availability of these materials in the Bedford Branch of Cuyhoga County Public Library in Bedford, Ohio.
- A copy of 124.11 Public Comments/Public Hearings and 124.19 Appeal Procedures.

Thank you for your assistance in making these materials available to the public for review.

As stated in the Public Notice, U.S. EPA Region V has scheduled a public hearing on the MCC draft permit on Thursday, August 25, 1983, at the Bedford Heights City Council Chambers, 5661 Perkins Road, Bedford Heights, Ohio. A final decision to issue or deny the permit will be made by U.S. EPA Region V following the close of the public comment period on September 12, 1983.

Please retain the materials on file for public access until further notified. I am enclosing postage and fees paid labels for your return of the documents, and will contact you at that time. Also, please let

089-023

me know that you have received this material by completing and signing the enclosed verification form. The form should be returned to me in the enclosed self-addressed postage and fees paid envelope.

Thank you very much for your cooperation in assisting our effort to serve the public.

Sincerely,

LS/RLB

Rochele L. Bennett
Environmental Protection Assistant

REPLY TO ATTENTION OF:

JUL 20 1983

Enclosed is a copy of the Public Notice that will appear on July 22, 1983, in the Citizen Journal, Columbus, Ohio. The United States Environmental Protection Agency (U.S. EPA) is announcing its intent to issue a Resource Conservation and Recovery Act (RCRA) permit to McKesson Chemical Company (MCC) to store hazardous wastes at East Moler Road, Columbus, Ohio. U.S. EPA is inviting public comments on the draft permit, which specifies conditions under which MCC must manage hazardous wastes in order to comply with Federal regulations.

A public hearing concerning the draft permit has been scheduled for Wednesday, August 24, 1983, from 7:00 p.m. to 10:00 p.m. at the Southmoor Middle School (Auditorium), 1201 Moler Road, Columbus, Ohio.

Included for your information is a copy of the Statement of Basis for U.S. EPA's draft permit for MCC. Copies of the draft permit and the MCC application for a permit may be obtained from the contacts listed in the Public Notice. Before taking final action on the permit, U.S. EPA Region V will give full consideration to all public comments that address the technical aspects of this matter.

Please contact Ms. Rochele Bennett, of my staff, at (312) 886-4177, for further information.

Sincerely yours,

Karl J. Klepitsch, Jr., Chief
Waste Management Branch

17. **VARIATION IN QUANTITY.** No variation in the quantity of any item called for by this contract will be accepted unless such variation has been caused by conditions of loading, shipping, or packing, or allowances in manufacturing processes, and then only to the extent, if any, specified elsewhere in this contract.

DISCOUNTS: Discount time will be computed from date of delivery, date of acceptance or from receipt of correct invoice at the office specified by the Government, whichever is later. Payment is made for discount purposes when check is mailed.

DISPUTES (a) Except as otherwise provided in the contract, any dispute concerning execution of the contract under the contract which is not resolved by agreement shall be decided by the Contracting Officer, who may make or otherwise furnish any report thereon to the Contractor. This decision shall be final and conclusive unless, within 30 days from the date of the decision, the Contractor mails or otherwise furnishes to the Contracting Officer a written appeal addressed to the Head of the Agency. The decision and the decision of the Agency or its duly authorized representative for consideration of such appeals shall be final and conclusive unless determined by a court of competent jurisdiction to have been fraudulent, or void, or voidable or arbitrary or grossly erroneous as to imply bad faith, or not supported by substantial evidence. In connection with any appeal proceedings under this clause, the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of its appeal. Pending final decision of a dispute by the Contracting Officer, the Contractor shall proceed diligently with the performance of the contract and in accordance with the Contracting Officer's decision. (b) The "Dispute" clause does not preclude consideration of any questions in connection with decision procedure, except as above provided. That nothing in this contract shall be construed as making final the decision of any Administrative Official, Representative, or Board on a question of law.

5. FOREIGN SUPPLIES—This contract is subject to the Buy American Act (41 U.S.C. 101 a-d) as implemented by Executive Order 105, December 17, 1954, and any restrictions in appropriation acts on the procurement of foreign supplies.

6. CONVICT LABOR - In connection with the performance of work under this contract, the Contractor agrees not to employ any person undergoing sentence of imprisonment except as provided by Public Law 89-176, September 10, 1965 (18 U.S.C. 4062(c)(2) and Executive Order 11755, December 29, 1973.

7. **OFFICIALS NOT TO BENEFIT.** No Member of or Delegate to Congress or Resident Commissioner, shall be admitted to any share or part of this contract, or to any benefit that may arise therefrom; but this provision shall not be construed to extend to this contract if made with a corporation for its general benefit.

3. COVENANT AGAINST CONTINGENT FEES: The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon any agreement or understanding for a commission, percentage, brokerage, or contingent fees, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business. For breach or violation of this warranty the Government shall have the right to annul this contract without liability or in its discretion to deduct from the contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

9. FEDERAL, STATE, AND LOCAL TAXES. Except as may be otherwise provided in this contract, the contract price includes all applicable Federal, State, and local taxes and duties in effect on the date of this contract, but does not include any taxes from which the Government, the Contractor, or this transaction is exempt. Upon request of the Contractor, the Government shall furnish a tax exemption certificate or similar evidence of exemption with respect to any such tax not included in the contract price pursuant to this clause. For the purpose of this clause, the term "date of this contract" means the date of the contractor's quotation or, if no quotation, the date of this purchase order.

invoices shall be submitted in the ORIGINAL only, unless otherwise specified, and shall contain the following information: contract number (if any), order number, item number(s), description of supplies or services, sizes, quantities, unit prices, and extended totals. Bill of Lading number and weight of shipment will be shown for shipments on Government bill of lading. If prepaid parcel post charges are billed, the gross weight and shipping point must be shown.

NOTE: If desired, this order (or a copy thereof) may be used by the Contractor as his invoice, in lieu of a separate invoice, provided the following statement, (signed and dated) is entered on (or attached to) the order: "Payment is requested in the sum of \$..... No other invoice will be submitted." When several orders are to be invoiced to an ordering activity during the same billing period, consolidated periodic billings are encouraged.

IMPORTANT

Charges for advertising when a cut, matrix, stereotype or electrotype is furnished will be based on actual space used and no allowance will be made for shrinkage.

In no case shall the advertisement extend beyond the date and edition stated in this order.

PUBLIC NOTICE

The United States Environmental Protection Agency (U.S. EPA) Region V is hereby giving notice of its intent to issue a Resource Conservation and Recovery Act (RCRA) permit for McKesson Chemical Company (MCC) at 25601 Richmond Road, Bedford Heights, Ohio (a suburb of Cleveland), in accordance with Section 7004 of the RCRA and 40 CFR Section 124.10. U.S. EPA is inviting comment on the permit application and U.S. EPA's draft permit.

The permit would authorize MCC to store certain recyclable materials considered to be hazardous wastes under Federal law. MCC is a division of Foremost-McKesson, Inc. MCC leases and operates the distribution facility in Bedford Heights, Ohio. The facility will be used for the temporary storage of certain spent solvents prior to shipment off-site for recycling. There is no on-site treatment or disposal of hazardous waste subject to RCRA regulation.

The MCC permit application, U.S. EPA's draft permit and the statement of basis are available for public inspection and copying at the Bedford Branch of Cuyhoga County Public Library, 155 Center Street, Bedford, Ohio. These materials and other supporting documents are also available in the administrative record at the U.S. EPA Region V, 230 South Dearborn Street, 13th Floor, Chicago, Illinois 60604, from 9:00 a.m. to 4:30 p.m. weekdays (contact Rochele Bennett first at (312) 886-4177).

A public hearing on U.S. EPA's draft permit for McKesson Chemical Company (MCC) will be held on Thursday, August 25, 1983, from 7:00 p.m. to 10:00 p.m. at the Bedford Heights City Council Chambers located at 5661 Perkins Road, Bedford Heights, Ohio. Speakers at the hearing are requested to register with U.S. EPA prior to the hearing or at the session, and to limit oral presentations to five minutes, and to submit their oral presentations to U.S. EPA in written form at the hearing. In addition, written comments on the application and draft permit will be accepted by U.S. EPA until September 12, 1983. Comments on the application and draft permit, as well as notification of intent to provide oral comments at the hearing, should be sent to Rochele Bennett, U.S. EPA Region V, 230 S. Dearborn Street, Chicago, Illinois 60604.

After the close of the public comment period on September 12, 1983, U.S. EPA will evaluate all comments received before issuing a final decision on the MCC permit. Notification of the final permit decision will be provided to each person who presented oral testimony at the hearing, submitted written comments, or requested notice of the decision. U.S. EPA will respond to all significant comments on the draft permit, specify which provisions of the permit were changed and indicate whether additional documents have been included in the administrative record in accordance with 40 CFR Section 124.17.

U.S. EPA response regarding a decision to issue or deny a permit will include a reference to the procedures for appealing the decision (40 CFR Section 124.19). The U.S. EPA's procedures for public comment and hearings are found in 40 CFR Section 124.11 and 124.13.

WJW
Public Service Announcements
13461 Ridge Road
Cleveland, Ohio 44113

Dear Ms. Timko:

Per my telephone conversation with a member of the Sales Office at WJW Radio of today at 2:15 p.m., your name was referred as the public service announcement representative. I am enclosing a Public Service Announcement regarding the public hearing scheduled August 25, 1983, on a hazardous waste permit that the United States Environmental Protection Agency, Region V, intends to issue to McKesson Chemical Company (MCC), of Bedford Heights, Ohio.

I appreciate your cooperation in providing information about the MCC draft permit to citizens residing in the area. I have enclosed additional information regarding the draft permit and the contact names for further information. Please return the enclosed self-addressed, stamped card noting the dates and times of the broadcasts you were able to provide.

Thank you for your assistance, and please contact me at (312) 886-4177, if you have any further questions.

Sincerely,

1/5/RLB

Rochele L. Bennett
Environmental Protection Assistant

Subject: Public Notice and Draft Permits for McKesson Chemical Company,
Columbus (OHD-03P-991-690), Bedford Heights (OHD-071-107-791),
Evendale (OHD-002-899-847)

From: William H. Miner, Chief
Technical, Permits and Compliance Section

To: Chris Christenson, Chief
State Programs & Information Section

We have hand-delivered, to Judy Kertcher of your staff, rough draft permits for the subject facilities. These copies have been provided for use in making preliminary arrangements for the public notices. The notices should include the announcement of public hearings, which hearings should be cancellable if no significant public interest is shown.

The completed draft permits should be available in approximately two weeks. If additional information is required, please contact James Mayka.

INSTRUCTIONS TO PUBLISHERS

Extreme care should be exercised to insure that the specifications for advertising to be set other than solid be definite, clear, and specific since no allowance will be made for paragraphing or for display or leaded or prominent headings, unless specifically ordered, or for additional space required by the use of type other than that specified. Specifications for advertising other than solid and the advertisement copy submitted to the publisher will be attached to the voucher. The following is a sample of solid line advertisement set up in accordance with the usual Government requirements.

DEPARTMENT OF HIGHWAYS & TRAFFIC,
D.C. Bids are requested for first spring 1966 cement concrete repair contract, including incidental work, Washington, D.C., Invitation No. C-5576-H, consisting of 11,000 sq. yds. PCC Class BB sidewalk repair and 2,000 cu. yds. PCC Class A pavement, alley, & driveway repair, both cut repairs only. Bidding material available from the Procurement Officer, D.C. Sealed bids to be opened in the Procurement Office at 3:00 p.m., November 15, 1965.

Your bill for this advertising order should be submitted on the "Public Voucher for Advertising" form, which is printed on the reverse of this form, immediately after the last publication of the advertisement. If copies of the printed advertisement are not available, complete the affidavit provided on the voucher. Submit the voucher and a copy of the printed advertisement to

U.S. ENVIRONMENTAL PROTECTION AGENCY
REGION-V-----FINANCIAL OPERATIONS SEC.
230 SOUTH DEARBORN STREET
CHICAGO, IL 60604

IMPORTANT

Charges for advertising when a cut, matrix, stereotype or electrotype is furnished will be based on actual space used and no allowance will be made for shrinkage.

In no case shall the advertisement extend beyond the date and edition stated in this order.

PUBLIC NOTICE

The United States Environmental Protection Agency (U.S. EPA) Region V is hereby giving notice of its intent to issue a Resource Conservation and Recovery Act (RCRA) permit for McKesson Chemical Company (MCC) at 25601 Richmond Road, Bedford Heights, Ohio (a suburb of Cleveland), in accordance with Section 7004 of the RCRA and 40 CFR Section 124.10. U.S. EPA is inviting comment on the permit application and U.S. EPA's draft permit.

The permit would authorize MCC to store certain recyclable materials considered to be hazardous wastes under Federal law. MCC is a division of Foremost-McKesson, Inc. MCC leases and operates the distribution facility in Bedford Heights, Ohio. The facility will be used for the temporary storage of certain spent solvents prior to shipment off-site for recycling. There is no on-site treatment or disposal of hazardous waste subject to RCRA regulation.

The MCC permit application, U.S. EPA's draft permit and the statement of basis are available for public inspection and copying at the Bedford Branch of Cuyhoga County Public Library, 155 Center Street, Bedford, Ohio.

These materials and other supporting documents are also available in the administrative record at the U.S. EPA Region V, 230 South Dearborn Street, 13th Floor, Chicago, Illinois 60604, from 9:00 a.m. to 4:30 p.m. weekdays (contact Rochele Bennett first at (312) 886-4177).

PUBLIC NOTICE

089-027

A public hearing on U.S. EPA's draft permit for McKesson Chemical Company (MCC) will be held on Thursday, August 25, 1983, from 7:00 p.m. to 10:00 p.m. at the Bedford Heights City Council Chambers located at 5661 Perkins Road, Bedford Heights, Ohio. Speakers at the hearing are requested to register with U.S. EPA prior to the hearing or at the session, and to limit oral presentations to five minutes, and to submit their oral presentations to U.S. EPA in written form at the hearing. In addition, written comments on the application and draft permit will be accepted by U.S. EPA until September 12, 1983. Comments on the application and draft permit, as well as notification of intent to provide oral comments at the hearing, should be sent to Rochele Bennett, U.S. EPA Region V, 230 S. Dearborn Street, Chicago, Illinois 60604.

After the close of the public comment period on September 12, 1983, U.S. EPA will evaluate all comments received before issuing a final decision on the MCC permit. Notification of the final permit decision will be provided to each person who presented oral testimony at the hearing, submitted written comments, or requested notice of the decision. U.S. EPA will respond to all significant comments on the draft permit, specify which provisions of the permit were changed and indicate whether additional documents have been included in the administrative record in accordance with 40 CFR Section 124.17.

U.S. EPA response regarding a decision to issue or deny a permit will include a reference to the procedures for appealing the decision (40 CFR Section 124.19). The U.S. EPA's procedures for public comment and hearings are found in 40 CFR Section 124.11 and 124.13.

Radio Broadcast Announcement
McKesson Chemical Company
Bedford Heights

The United States Environmental Protection Agency intends to issue a permit to the McKesson Chemical Company facility at 25501 Richmond Road, Bedford Heights, Ohio (a suburb of Cleveland, Ohio), that would allow the storage of certain spent solvents in sealed drums on a 10-foot concrete pad. These solvents are considered hazardous wastes under Federal law.

A public hearing is scheduled on August 25, 1983 at the City Council Chambers, 5661 Perkins Road, Bedford Heights, Ohio. Written comments on the draft permit can be sent to U.S. EPA until September 12, 1983, at 230 South Dearborn Street, Chicago, Illinois 60604. Also, a copy of the permit application, draft permit, and statement of basis can be reviewed at the Bedford Branch of the Cuyhoga County Public Library, 155 Center Road, Bedford, Ohio,

For more information, citizens should contact U.S. EPA Waste Management at 312/886-4177.

PUBLIC SERVICE ANNOUNCEMENT

THE U.S. ENVIRONMENTAL PROTECTION AGENCY REGION V (FIVE) WILL HOLD A PUBLIC HEARING ON THURSDAY, AUGUST 25, 1983, TO RECEIVE COMMENTS ON A PERMIT TO AUTHORIZE MCKESSON CHEMICAL COMPANY TO STORE HAZARDOUS WASTES IN BEDFORD HEIGHTS, OHIO. THE HEARING WILL BE HELD AT THE BEDFORD HEIGHTS CITY COUNCIL CHAMBERS (5661 PERKINS ROAD) FROM 7:00 P.M. TO 10:00 P.M.

THE DRAFT PERMIT WOULD AUTHORIZE MCKESSON CHEMICAL COMPANY TO STORE CERTAIN RECYCLABLE MATERIALS CONSIDERED TO BE HAZARDOUS WASTES UNDER FEDERAL LAW. THE BEDFORD HEIGHTS FACILITY WILL BE USED FOR THE TEMPORARY STORAGE OF CERTAIN SPENT SOLVENTS PRIOR TO SHIPMENT OFF-SITE FOR RECYCLING. THERE IS NO ON-SITE TREATMENT OR DISPOSAL OF HAZARDOUS WASTE SUBJECT TO RESOURCE CONSERVATION AND RECOVERY ACT REGULATIONS.

THE DRAFT PERMIT AND RELATED DOCUMENTS ARE AVAILABLE FOR REVIEW AT THE BEDFORD BRANCH AT 155 CENTER STREET, BEDFORD, OHIO, AND ALSO AT EPA IN CHICAGO.

CITIZENS ARE INVITED TO SUBMIT WRITTEN COMMENTS ON THE PERMIT UNTIL SEPTEMBER 12, 1983 TO THE U.S. EPA WASTE MANAGEMENT BRANCH AT 230 SOUTH DEARBORN STREET, CHICAGO, ILLINOIS 60604. FOR MORE INFORMATION, CONTACT EPA AT (312) 886-4177.

A.1.3

STATEMENT OF BASIS

McKesson Chemical Company - Columbus
OHD 039-991-690

This is a statement of the basis for the Draft Hazardous Waste Permit for the subject facility. It briefly describes the derivation of the conditions of the draft permit and the reasons for them. Under 40 CFR 124.7 (Title 40 of the Code of Federal Regulations, Section 124.7), the Statement of Basis is sent to the applicant and to any other person who requests it.

A. FACILITY DESCRIPTION

1. RCRA Activities

McKesson Chemical Company (MCC) is a wholly owned subsidiary of Foremost-McKesson, Inc. MCC operates a distribution facility in Columbus, Ohio. McKesson Chemical Company is a nationwide distributor of various industrial chemicals. McKesson Envirosystems, another division of Foremost-McKesson Inc., operates a number of recycling plants across the country. The Columbus facility consists of one 19,100 square foot building and approximately 157,000 square feet of yard area. The hazardous waste storage area will be a bermed concrete rectangle, 10' x 30' x 9". The facility will be used for the temporary storage of various spent chemical solvents prior to shipment off-site for recycling. There is no on-site treatment or disposal of hazardous waste subject to RCRA regulations.

2. Permit Actions Other Than RCRA

McKesson Chemical Company will not require other permits to satisfy any other Federal acts. The facility will not have an adverse effect on the historical, architectural, archeological, or cultural characteristics of the properties either listed or eligible for listing in the National Register of Historical Places.

B. PERMIT APPLICATION

The permit application cited herein is the November 1982 permit application, as amended on February 22, 1983, and May 20, 1983.

C. PURPOSE OF THE PERMITTING PROCESS

The purpose of the permitting process is to afford the United States Environmental Protection Agency (U.S. EPA), interested citizens and other governmental agencies the opportunity to evaluate the ability of the applicant to comply with the applicable hazardous waste management requirements under the Resource Conservation and Recovery Act (RCRA). The U.S. EPA is required to prepare a draft permit which sets forth in one concise document all the applicable requirements with which the Agency intends to require the Permittee to comply during the ten year duration of the permit.

D. PROCEDURES FOR REACHING A FINAL DECISION

Under Section 7004(b) of RCRA and 40 CFR §124.10, the public is given forty-five days to review the application and comment on the draft permit conditions prior to EPA taking any final permitting action on the application for a hazardous waste management permit. The comment period will begin on the date of publication of the public notice in a major local newspaper of general circulation. When the Regional Administrator of the U.S. EPA makes his final permit decision, notice will be given to the applicant and each person who has submitted written comments or requested notice of the final permit decision. If none of the comments received requested a change in the draft permit conditions, the permit will become effective immediately upon issuance of the permit. If comments received during comment period requested changes in the draft permit conditions then the final permit will become effective thirty (30) days after service of notice of the decision or at a later date if review is requested under 40 CFR §124.19.

The issuance of a Hazardous Waste Permit will be coordinated by both U.S. EPA and the Ohio Environmental Protection Agency (OEPA). At this time each Agency has regulations which require a permit to be issued for all facilities which treat, store, or dispose of hazardous waste. If the State receives Phase II interim authorization for the hazardous waste program, the State will assume the administration of the Federal hazardous waste permitting program and this permit.

E. BRIEF SUMMARY OF THE PERMIT CONDITIONS

This Section provides a brief summary of the permit conditions in the draft permit. The column titled "Regulation" provides the regulatory authority for the permit condition specified in the column titled "Permit Condition."

<u>Permit Condition</u>	<u>Subject</u>	<u>Regulation (40 CFR)</u>

U.S. EPA INVITES PUBLIC COMMENT AND SCHEDULES PUBLIC HEARING TO RECEIVE
CITIZEN COMMENTS ON AGENCY'S INTENT TO ISSUE RCRA PERMIT TO A CLEVELAND
SOLVENT RECYCLING FACILITY

The U.S. Environmental Protection Agency (U.S. EPA) is considering the issuance of a permit to McKesson Chemical Company of 26601 Richmond Road, Bedford Heights, Ohio (a suburb of Cleveland), for storage of certain recyclable materials considered to be hazardous wastes under Federal law. McKesson Chemical Company is a nationwide distributor of various industrial chemicals. The Bedford Heights facility would be used for the temporary storage in containers of certain spent solvents prior to shipment off-site for recycling. There is no on-site treatment or disposal of hazardous waste subject to RCRA regulations.

A public hearing on U.S. EPA's proposed permit approval is scheduled for Thursday, August 25, 1983, from 7:00 p.m. to 10:00 p.m. at Bedford Heights City Council Chambers, 5661 Perkins Road, Bedford Heights. Citizens intending to comment are invited to register with the U.S. EPA prior to or at the start of the hearing. Oral comments should be limited to five minutes, and should be submitted in writing as well as at the hearing. Comments will be accepted by U.S. EPA through September 12, 1983, and should be sent to Ms. Rochele Bennett, U.S. EPA, Region V, 230 S. Dearborn St., Chicago, Ill., 60604.

Comments will be evaluated before a decision is made on the McKesson Chemical Company's permit. Everyone who presents oral testimony at the hearing, submits written comments, or requests notice of the decision will be notified of the final decision.

Interested persons may review McKesson Chemical Company's permit application and the U.S. EPA's draft permit at the following locations:

Bedford Branch of Cuyhoga County
Public Library
155 Center Street
Bedford, Ohio

U.S. EPA Region V
Waste Management Division
230 S. Dearborn Street
Chicago, Ill.

Please call Rochele Bennett at (312) 886-4177, to arrange to review material at the U.S. EPA's Region V office in Chicago. The material is available weekdays between 9:00 a.m. and 4:30 p.m.

P R O C E E D I N G S

HEARING OFFICER KATSURA: Will the hearing please come to order.

Good evening, ladies and gentlemen. My name is April Katsura and I am the Hearing Officer representing the Chicago office of the United States Environmental Protection Agency.

The purpose of tonight's hearing is to receive your comments on U.S. EPA's intent to issue a Resource Conservation and Recovery Act permit to McKesson Chemical Company. With me this evening is Jim Myaka, the primary author of U.S. EPA's draft permit.

Under the Resource Conservation and Recovery Act, commonly referred to as RCRA, the U.S. EPA has promulgated regulations to protect human health and the environment from the improper management of hazardous waste. Section 3005 of RCRA, along with regulations found in Title 40 of the Code of Federal regulations, establish a permitting system governing

25

the treatment, storage, and disposal of hazardous waste. These regulations enable U.S. EPA to issue or deny permits for hazardous waste facilities.

If a state is authorized under Section 3006 of RCRA, it may issue or deny permits in place of U.S. EPA. Since the State of Ohio has not yet received the required authorization, U.S. EPA is responsible for acting on the McKesson permit application.

If U.S. EPA grants McKesson a permit, McKesson will be able to store certain hazardous wastes at its Bedford Heights Ohio facility which is located on 26601 Richmond Road. If McKesson is granted a permit, it must comply with all of the conditions contained in the permit. These conditions in turn must satisfy the requirements found in Title 40 of the Code of Federal regulations. Some of these requirements include: The proper design, operation, and maintenance of McKesson's storage facility.

Before accepting comments from the

1 audience, Mr. Mayka will present the
2 background on McKesson's permit application
3 and U.S. EPA's draft permit. Following
4 that, I will give you a summary of U.S.
5 EPA's public participation requirements,
6 and we will then accept comments from the
7 audience.

8 Mr. Mayka.

9 MR. MAYKA: Thank you.

10 McKesson Chemical Company, a
11 division of Formost-McKesson Incorporated,
12 is a nationwide distributor of various
13 industrial chemicals. McKesson Chemical
14 leases and operates a distribution
15 facility in Bedford Heights, Ohio. The
16 activity that McKesson plans to conduct in
17 Bedford Heights, that is regulated under
18 the Resource Conservation and Recovery
19 Act, is the temporary storage of certain
20 spent solvents. This storage is one
21 part of Foremost McKesson's overall
22 service of selling virgin solvents to
23 customers, then transporting, storing and
24 recycling the used solvents. The used
25 solvents are considered hazardous wastes

1 under Federal law.

2 The storage area at the Bedford
3 Heights facility subject to Federal
4 permitting standards will be a concrete
5 pad, measuring 10 feet by 30 feet,
6 surrounded by a 9 inch curb. According
7 to the draft permit, not more than 6600
8 gallons of the spent solvents may be
9 stored on the pad at any one time.

10 McKesson filed its Federal permit
11 application in December, 1982. After
12 performing a review to ensure that the
13 application was complete, both the Ohio
14 EPA and the U.S. EPA undertook an
15 adequacy review, to ensure that the
16 facility would comply with all of the
17 technical permitting standards required
18 by Federal law. McKesson satisfied both
19 agencies that the Federal standards
20 would be met. The draft permit, if
21 issued, incorporates all of the
22 applicable Federal standards. Actual
23 portions of McKesson's permit application
24 are also incorporated. These include the
25 waste analysis plan, inspection schedule,

1 training program, contingency plan and
2 closure plan.

3 HEARING OFFICER KATSURA: Thank you Jim.
4 I will now briefly summarize U.S. EPA's
5 Public Participation Procedures.

6 RCRA requires U.S. EPA to notice its
7 intent to issue a permit, in a major local
8 newspaper and to broadcast it over a local
9 radio station. On July 22, 1983, U.S. EPA
10 published a public notice in the Cleveland
11 Plain Dealer. That notice announced this
12 public hearing. The notice also announced
13 the availability for public inspection, of
14 the agency's administrative record relating
15 to McKesson's permit application. Radio
16 Station WJW broadcasted notice of this
17 hearing on July 22nd, 1983.

18 The permit application and U.S. EPA's
19 draft permit and statement of basis, have been
20 made available at the public library in Bedford Heights.
21 The administrative record
22 is available at U.S. EPA's office in Chicago.
23 This record includes: The permit application
24 submitted by McKesson, U.S. EPA's draft
25 permit, our statement of basis, and other
related background documents. All comments

1 made tonight whether written or verbal,
2 will be come part of the administrative
3 record. We will also accept written
4 comments into the record until September
5 12, 1983. After the close of the
6 public comment period on September 12th,
7 U.S. EPA will evaluate all information
8 received, prior to reaching a final
9 permit decision on the permit application.
10 When making its final decision, U.S. EPA
11 will respond to all relevant comments
12 which have been presented at this hearing
13 or during the public comment period
14 provided for this hearing.

15 If new information or evidence
16 is submitted to U.S. EPA and the information
17 raises substantial new questions concerning
18 the draft permit, U.S. EPA may prepare
19 a new draft permit or a revised statement
20 of basis. If there is a need for substantial
21 revision of the draft permit, the comment
22 period may be extended or reopened,
23 and U.S. EPA will publish notice of this
24 fact in the Cleveland Plain Dealer. If
25 the comment period is reopened or extended,

1 and U.S. EPA will consider only those
2 comments which pertain to the new
3 information or evidence.

4 Along with the final permit
5 decision, U.S. EPA will issue a
6 responsiveness summary, which will
7 contain U.S. EPA's response to the
8 relevant comments which have been
9 raised. The summary will also indicate
10 which conditions, if any, of the draft
11 permit were changed. U.S. EPA will
12 also indicate if any additional documents
13 have been included in the administrative
14 record.

15 Notification of our final permit
16 decision will be provided to McKesson
17 and to each individual who has either
18 presented oral comments at this hearing,
19 submitted written comments, or requested
20 a notice of our decision.

21 If you filed comments on this
22 draft permit or participated in this
23 public hearing you may request U.S.
24 EPA Administrator William Ruckelshaus
25 to review and reconsider the final

1 permit decision. Persons who did not
2 file comments or did not participate in
3 this hearing may request review only of the
4 changes, if any, U.S. EPA made from the
5 draft to the final permit.

6 All requests for review must be
7 made within 30 days after the final
8 permit decision has been issued and must
9 be addressed to Administrator
10 Ruckelshaus in Washington. The specific
11 procedures which you must follow in order
12 to request review will be included in the
13 administrative record. Copies are also
14 available at the registration table. If
15 there is anyone present who does not
16 plan to submit oral or written comments,
17 but would like to receive notice of U.S.
18 EPA's final permit decision and its
19 response to comments, we have a sign-up
20 sheet at the registration table.

21 U.S. EPA will have a transcript
22 made of tonight's hearing. If you would
23 like a copy of the transcript please sign
24 the sheet at the registration table.

25 I would point that if the transcript is

1 50 pages or more, there will be a copying
2 charge of 20 cents a page. If you have
3 not yet filled out a sign-in card, we
4 would appreciate your doing so before you
5 leave tonight. The sign-in cards
6 are at the registration table, also.

7 HEARING OFFICER KATSURA: I would
8 like the record to show that no one has
9 registered to speak.

10 Is there anyone that would like
11 to speak?

12 Let the record show that no one
13 has requested to speak at this time.

14 I would like the record to show
15 that it is now 7:22 P.M. I will leave
16 the hearing open for an additional 15
17 minutes, until 7:37, approximately.

18 (Whereupon, a 15-minute recess
19 was observed.)

20 HEARING OFFICER KATSURA: Let the
21 record show that it is now 7:37 P.M. and
22 that no one has requested an opportunity
23 to comment.

24 Is there anyone that would like
25 to speak?

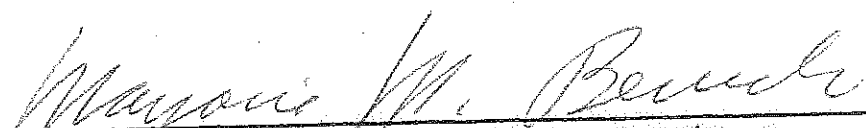

1 Let the record show that no one
2 has requested to speak at this time.

3 Thank you very much for your
4 participation in tonight's hearing.
5 The hearing is adjourned.

C E R T I F I C A T E

I, Marjorie M. Benich, Stenotype Reporter, do hereby certify that I attending the foregoing hearing in its entirety, that I wrote the same in stenotypy, and that this is a true and correct transcript of my stenotype notes.

Marjorie M. Benich, Stenotype Reporter
550 Engineers Building, Cleveland, Ohio 44114

PUBLIC NOTICE

The United States Environmental Protection Agency (U.S. EPA) Region V is hereby giving notice of its intent to issue a Resource Conservation and Recovery Act (RCRA) permit for McKesson Chemical Company (MCC) at East Moler Road, Columbus, Ohio, in accordance with Section 7004 of the RCRA and 40 CFR Section 124.10. U.S. EPA is inviting comment on the permit application and U.S. EPA's draft permit.

The permit would authorize MCC to store certain recyclable materials considered to be hazardous wastes under Federal law. This facility consists of one 19,100 square foot building and approximately 157,000 square feet of yard area. The hazardous waste handling area is an outside yard area adjacent to the building and covering about 300 square feet. The facility will be used for the temporary storage of various spent solvents prior to shipment off-site for recycling. There is no on-site treatment or disposal of hazardous waste subject to RCRA regulations.

The MCC permit application, U.S. EPA's draft permit and the statement of basis available for public inspection and copying at the Public Library of Columbus in Franklin County, 96 South Grant, Columbus, Ohio 43215 (Attn: General Reference Department). These materials and other supporting documents are also available in the administrative record at the U.S. EPA Region V, 230 South Dearborn Street, 13th Floor, Chicago, Illinois 60604, from 9:00 a.m. to 4:30 p.m. weekdays (contact Rochele Bennett first at (312) 886-4177).

A public hearing on U.S. EPA's draft permit for McKesson Chemical Company (MCC) will be held on Wednesday, August 24, 1983, from 7:00 p.m. to 10:00 p.m. at the Southmoor Middle School (Auditorium), 1201 Moler Road, Columbus, Ohio. Speakers at the hearing are requested to register with U.S. EPA prior to the hearing or at the start of the session, and to limit oral presentations to five minutes, and to submit their oral presentations to U.S. EPA in written form at the hearing.

In addition, written comments on the application and draft permit will be accepted by U.S. EPA until September 12, 1983. Comments on the application and draft permit, as well as notification of intent to provide oral comments at the hearing, should be sent to Rochele Bennett, U.S. EPA Region V, 230 South Dearborn Street, Chicago, Illinois 60604.

After the close of the public comment period on September 12, 1983, U.S. EPA will evaluate all comments received before issuing a final decision on the MCC permit. Notification of the final permit decision will be provided to each person who presented oral testimony at the hearing, submitted written comments, or requested notice of the decision. U.S. EPA will respond to all significant comments on the draft permit, specify which provisions of the permit were changed and indicate whether additional documents have been included in the administrative record in accordance with 40 CFR Section 124.17.

U.S. EPA response regarding a decision to issue or deny a permit will include a reference to the procedures for appealing the decision (40 CFR Section 124.19). The U.S. EPA's procedures for public comment and hearings are found in 40 CFR Section 124.11 and 124.13.
